MAIN FEATURES

REPORTS

Wanna know how did your business do this week, month or quarter, with one of the following report feature

Profit/Loss Report	Sales Report	Purchase Report
Warehouse Report	Customer Report	Supplier Report

PROPOSING QUOTATION → CLOSING THE SALE

The steps of making a sale can be confusing, we got you covered from step one! preparing a quotation to the final step you delivered and received the money.

YOUR RETURN POLICY

Your customers sometimes need to place a return, you can make it happen with this feature.

Not only that you can also make a return for your purchases, so you won't miss anything.

WHOM DO YOU INTERACT WITH?

Have different employees with different roles? Don't worry we got that covered with **different users feature** you can assign roles of your employees in the system.

Users types:

Owner	Sale	WAREHOUSE MANAGER

And with **different customers & suppliers feature** you can manage and add your customers & suppliers.

Users types:

Customer	Supplier

📷 PURCHASES AND EXPENSES

Did you receive the electricity bill of your store? With Sunduq can handle it with the expenses feature.

If you bought something you can also add it with the purchase feature.

✉ TAKE IT TO MAIL

With this feature you can send your sales, quotations, receipts and much more via email.

🚩 MULTIPLE LANGUAGES

SUNDUQ made it easy for you and employees to use the system by supporting the following languages:

Arabic	English	Hindi

SUNDUQ VISUAL

Know who's your business is doing visually with different types of charts. See your weekly Sales & Purchases, and your Sent & Received payments and much more.

SUPPORTING YOU IS OUR PRIORITY

We don't only provide the service; we make sure you get the best out of it. With our support team we made the use of the system easier than ever.

ACCOUNTS

Let your company be more organized by giving your employees access to the system based on their roles.
